for discharge % and virtual ou Breakthrough objectives- These ar driving over the next year and are loo The key areas are: • Reducing falls . The target is falls per month, this month the • Reducing deaths from seps figure of November 2021 show	 our patients. The four metrics being measured are the Cancer 62-day target, the Accident & Emergency (A&E) 4-hour performance target, the Referral to Treatment (RTT) 18-week target and the Friends and Family recommended %. our people. The two metrics chosen are staff turnover and staff engagement. our sustainability. The two metrics chosen to improve are the Trust's financial position and carbon footprint. our future. The two metrics chosen are the medically fit for discharge % and virtual outpatients usage. 						

Key Recommendation Implications: Links to 'We Care	aggregated delays of 907 hours in our ED remains a significant focus and is higher than our 95-hour target. • Improving theatre capacity. The lost theatre opportunities in month was 60 which is worse than the 45 target. Watch Metrics - these are metrics we are keeping an eye on to ensure they don't deteriorate. To CONSIDER and DISCUSS the True North and Breakthrough Objectives of the Trust.
